

Sri Ramanujan birthday celebrated on 27th December 2019

The Department of Commerce and BGSIT, under the initiative of Prof. Ramu N(Principal,BGS First Grade College) and Dr. B K Narendra(Principal, BGSIT), celebrated a Srinivasa Ramanujan birthday on 27th December 2019 at seminar hall.

Srinivasa Ramanujan, (born December 22, 1887, Erode, India—died April 26, 1920, Kumbakonam), Indian mathematician whose contributions to the theory of numbers include pioneering discoveries of the properties of the partition function.His papers were published in English and European journals, and in 1918 he was elected to the Royal Society of London

Srinivasa Ramanujan is remembered for his unique mathematical brilliance, which he had largely developed by himself. In 1920 he died at age 32, generally unknown to the world at large but recognized by mathematicians as a phenomenal genius.
